

Certificate of Occupancy Requirements:

Water Test: by a Certified Laboratory

Private or individual Septic System: inspection and Certification

(most residences in Hancocks Bridge and on Main St – Canton do have public Sewer, you need to check each individual properties system to be sure if you have a private (needs inspection & Certification) or public septic system)

Fire Place: may need to be inspected by a qualified individual or company.

Other items as required by the Zoning Officer John Carney 935-1549 extension 6560
