PAPER RECYCLING

Please be aware that paper when shredded is still to be recycled. Most forms of paper and paper made containers are to be recycled. Please recycle: sheets of paper; all sizes, magazines, newspapers, advertisements, flyers, envelopes, notepad paper and junk mail.

Some paper items you may not think are to be recycled but should be, such as cereal, cracker, pop tart and other product container boxes. As long as the container or paper does not have any coatings, food products or non-paper attachments then it should be recycled
