SAVE THE DATE!

CORNELIA HANCOCK/CIVIL WAR WEEKEND will be held Apr 29 & 30, 2017 at the Hancock House.

Avoid Drain Pain - Don't Flush These Things

Just because the package says flushable doesn't mean it's true. Many items marketed as disposable and/or flushable do not degrade like toilet paper, and they wind up clogging pipes, tangling pumps and causing messy sewer backups into streets, businesses and homes. Help the LAC PW Dept. avoid these problems

What Not to Flush in any toilet or dispose of in any household drain:

- Candy wrappers, Cooking Oil and Turkey netting
- Diapers cloth, disposable, flushable
- Facial tissues, Baby wipes, disinfectant wipes, moist wipes, etc. (any cloth item)
- Toilet bowl scrub pads
- Swiffers
- Napkins paper or cloth, paper towels
- Dental floss
- Egg shells, nutshells and coffee grounds
- Fats, oils, and greases
- Food items containing seeds and peelings
- Hair, Sanitary napkins, tampons, condoms or any non-organic material
- Vitamins, medicines or other pharmaceuticals
- Sheet plastic or plastic of any kind

What can be flushed?

Just toilet paper and human waste. Our sewers are designed to dispose of very specific things. Using your toilet for disposal of many modern products can result in blockages. The drains that connect your home to the main sewer are only big enough to carry water, toilet paper and human waste.
