Mayor's Memo

Hello Everyone, I hope
September finds you well.

Several committee
members have received
complaints about the service, or
lack thereof, provided by
Verizon in the township. Many
residents have no service when
it rains, and by the time
Verizon responds, it is working
again. There is very little the
committee can do about this,
but we have added to the
township website a complaint
form link to the BPU that can
be filled out and submitted
electronically. We urge you to
use this form to lodge
complaints about any utility
operating in the township.
Several municipalities in
Cumberland County have
recently been successful in
getting a commitment from
Verizon to replace the
antiquated copper lines with
new fiber optic lines. They
were successful by partnering
with their State Assemblymen
and Senator to lodge their
complaints. We urge you also
to contact our representatives
each time you lodge a
complaint with the BPU.

The committee recently
added a four way stop at the
intersection of Maple and Main
in Hancocks Bridge. This was
in response to complaints of
excessive speed in this area. Be
cautious of children at play
throughout the township, not
just in our village areas. The
police will, as always, strictly
enforce any infractions that
place our children in jeopardy.
Thank you for your feedback
on these issues. We will do our
best to be responsive to your
concerns. Please be safe, have a
happy Labor Day, and we hope
to see you all at the Crab and
Craft Festival on Saturday
September 21!
