INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members
of the Township Committee
Township of Lower Alloways Creek
501 Locust Road
Hancocks Bridge, New Jersey 08038

Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the Township of Lower Alloways Creek, as of December 31, 2012 and 2011, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Township of Lower Alloways Creek's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the Township of Lower Alloways Creek on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Township of Lower Alloways Creek as of December 31, 2012 and 2011, or changes in financial position for the years then ended.

Basis for Qualified Opinion on Regulatory Basis of Accounting

As described in Note 12 of the financial statements, the Township participates in a Length of Service Award Program (LOSAP) for its volunteer fire and rescue personnel. The amount reflected in the trust fund statements of \$8,693.58 and \$5,667.53 for 2012 and 2011, respectively, were not audited and therefore, we express no opinion on the LOSAP program.

Opinion on Regulatory Basis of Accounting

In our opinion, except for the effects of the matter described in the "Basis for Qualified Opinion on Regulatory Basis of Accounting" paragraph, the financial statements referred to above present fairly, in all material respects, the regulatory basis balance sheets and account group as of December 31, 2012 and 2011, the regulatory basis statements of operations for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2012, in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Lower Alloways Creek's basic financial statements. The supplementary information listed in the table of contents and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information listed in the table of contents are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 19, 2013, on our consideration of the Township of Lower Alloways Creek's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Lower Alloways Creek's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

TOWNSHIP OF LOWER ALLOWAYS CREEK
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Township of Lower Alloways Creek included every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Lower Alloways Creek, as required by NJSA 40A:5-5.

The Township of Lower Alloways Creek was incorporated in 1798 and is located in Salem County, New Jersey. The Township of Lower Alloways Creek is primarily a rural area 45 square miles in size and the population according to the 2010 census is 1,770.

The form of government is known as a Township pursuant to NJSA 40A:63-1 et seq. The government consists of five (5) Committee Members who are elected at large to three (3) year staggered terms. The Mayor is elected from and by the Members of the Committee and serves a one (1) year term. Under the statutes the Mayor is the head of the government and has executive powers not assigned to the Mayor.

Component units are legally separate organizations for which the Township is financially accountable. The Township is financially accountable for an organization if the Township appoints a voting majority of the organization's governing board and (1) the Township is able to significantly influence the programs or services performed or provided by the organization; or (2) the Township is legally entitled to or can otherwise access the organization's resources; the Township is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to the organization; or the Township is obligated for debt of the organization. Component units may also include organizations that are fiscally dependent on the Township in that the Township approves the budget, the issuance of debt or the levying of the taxes. The Township has no component units.

B. Description of Funds and Account Groups

The accounting policies of the Township of Lower Alloways Creek conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Lower Alloways Creek accounts for its transactions through the following separate funds which differs from the funds required by GAAP.

Current Fund - Resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Fund - Receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - Receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. In addition, the fund is used to track the status of debt authorized for capital projects.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds and Account Groups (Continued)
Payroll/Payroll Agency Account - Receipt and disbursement of funds to meet obligations to employees and payroll tax liabilities.

General Fixed Assets - To account for fixed assets used in governmental operations.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differs in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant accounting principles are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the Township budget. Receivables for property taxes and sewer rents are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. Fund balance utilized to balance the budget is recorded as revenue and budgeted transfers from other funds are also recorded as revenue when anticipated in the budget. This method of revenue recognition differs from accounting principles generally accepted in the United States of America which recognizes revenue in the accounting period in which it is earned net of allowances for doubtful accounts.

Expenditures - are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods and services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Grant appropriations are charged upon budget adoption to create separate spending reserves. Budgeted transfers to other funds are recorded as expenditures when the budget is adopted to the extent permitted or required by law. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis. This method differs from accounting principles generally accepted in the United States of America which requires that expenditures be recorded when services are rendered or goods are received. Under accounting principles generally accepted in the United States of America appropriation reserves do not exist and encumbrances do not constitute expenditures.

TOWNSHIP OF LOWER ALLOWAYS CREEK
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Property Taxes - The County Board of Taxation certifies the tax levy of the municipality each year. The tax levy is based on the assessed valuation of taxable property within the municipality. Taxes are payable on the first day of February, May, August and November. Any taxes that have not been paid by the 11th day of the 11th month in the year levied are subject to being included in the tax sale and the lien enforced by selling the property in accordance with NJSA 54:5 et. seq.

The municipality is responsible for remitting 100% of the county taxes to the respective agency. The loss for delinquent or uncollectible accounts is borne by the municipality and not the county. The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Township's annual budget protects the Township from those taxes not paid. The minimum amount of the reserve is determined by the percentage of collections experienced in the preceding year, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations. Under accounting principles generally accepted in the United States of America, a "Reserve for Uncollected Taxes" would not be an appropriation.

Interest on Delinquent Taxes - It is the policy of the Township to collect interest for the nonpayment of taxes or assessments on or before the date when they would become delinquent. The Tax Collector is authorized to charge eight percent (8%) per annum on the first \$1,500.00 of taxes becoming delinquent after due date and eighteen percent (18%) per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31st, an additional penalty of six percent (6%) shall be charged against the delinquency. There is a ten day grace period.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Under accounting principles generally accepted in the United States of America, foreclosed property would be recorded at historical cost and no reserve would be provided.

School Taxes - The Township is responsible for levying, collecting and remitting school taxes for the Township of Lower Alloways Creek School District, if any is required. For 2012 and prior years, the governing body has chosen to appropriate sufficient funds in the municipal budget for transfers to the Board of Education to eliminate the need for a local school tax.

Cash - Cash and cash equivalents include petty cash, change funds and cash on deposit with public depositories. All certificates of deposit are recorded as cash regardless of the date of maturity. Investments are stated at cost. Consequently, unrealized gains or losses on investments have not been recorded in accordance with Governmental Accounting Standards Board Statement No. 31.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. Under accounting principles generally accepted in the United States of America inter-funds are not reserved.

TOWNSHIP OF LOWER ALLOWAYS CREEK
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. Under accounting principles generally accepted in the United States of America inventory would be recorded as an asset on the balance sheet.

Insurance - Cost of insurance for all funds are recorded as expenditures at the time of payment. Insurance costs chargeable to future periods are not carried as prepayments.

General Fixed Assets - In accordance with NJAC 5:30-5.6 accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Township has developed a fixed assets accounting and reporting system.

As required by New Jersey Statutes, foreclosed property is reported in the current operating fund of the municipality.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems are not capitalized.

All fixed assets are recorded at historical cost or estimated historical cost if actual historical cost is not available except for land, which is valued at estimated market value on the date of acquisition. The Township capitalizes fixed assets with an original cost in excess of \$5,000.00.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

No depreciation has been provided for in the financial statements.

Fixed assets acquired through grants in aid or contributed capital, have not been accounted for separately.

General Long Term Debt - General Long Term Debt is accounted for in the General Capital Fund. Accounting principles generally accepted in the United States of America require General Long Term Debt to be accounted for in the General Long Term Debt Account Group.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America or the regulatory basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Comparative Data

Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statement of Operations in order to provide an understanding of changes in the Township's financial position. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in the statement of revenues - regulatory basis and the statement of expenditures - regulatory basis since their inclusion would make the statements unduly complex and difficult to read.

E. Recent Accounting Pronouncements Not Yet Effective

In November 2010, the Governmental Accounting Standards Board (GASB) issued Statement No. 61 "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34." The purpose of the statement is to amend the criteria for reporting and including component units with the primary government. This statement, which is effective for fiscal periods beginning after June 15, 2012, is not anticipated to have any effect on the Township's financial reporting.

In April 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 65 "Items Previously Reported as Assets and Liabilities." This statement, which clarifies the reporting requirements related to deferred assets and liabilities, is effective for fiscal periods beginning after December 15, 2012, is not anticipated to have any effect on the Township's financial reporting.

In April 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 66 "Technical Corrections - 2012 - an amendment of GASB Statements No. 10 and No. 62." This statement, which resolves conflicts between Statements No. 10 and No. 54 provides more flexibility in fund classifications for risk based activities, is effective for fiscal periods beginning after December 15, 2012, is not anticipated to have any effect on the Township's financial reporting.

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 68 "Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27." This statement, which is effective for fiscal periods beginning after June 15, 2014, will not have any effect on the Township's financial reporting.

In January 2013, the Governmental Accounting Standards Board (GASB) issued Statement No. 69 "Government Combinations and Disposals of Government Operations." This statement, which is effective for fiscal periods beginning after December 15, 2013, will not have any effect on the Township's financial reporting.

In April 2013, the Governmental Accounting Standards Board (GASB) issued Statement No. 70 "Accounting and Financial Reporting for Non-exchange Financial Guarantees." This statement is effective for fiscal periods beginning after June 15, 2013, will not have any effect on the Township's financial reporting.

YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2: BUDGETARY INFORMATION

The Township must adopt an annual budget in accordance with NJSA 40A:4 et. al. This budget is required to be a balanced cash basis document. To accomplish this, the municipality is required to establish a reserve for uncollected taxes. This protects the Township from taxes not paid currently. Once approved, the Township may make emergency appropriations for a purpose which is not foreseen at the time the budget is adopted per NJSA 40A:4-46 and 54. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety or welfare prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budget of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. Budget transfers between appropriation accounts are prohibited until the last two months of the year. Budget transfers during the year were not significant. After approval from the Director, the Township can also make amendments for any special item of revenue made available by any public or private funding source as per NJSA 40A:4-87. The following budget amendment was approved as follows:

Current Fund	
Emergency Appropriation	\$50,000.00

NOTE 3: CASH AND CASH EQUIVALENTS

Custodial Credit Risk - Deposits

Custodial Credit Risk is the risk that in the event of a bank failure, the government's deposits may not be able to recover the value of its deposits or investments. Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by the pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name. The municipality's policy is based on New Jersey Statutes requiring cash to be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Unit Deposit Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes NJSA 40A:5-15.1(a) that are treated as cash equivalents. At December 31, 2012 and 2011, the carrying amount of the Township's deposits was \$9,817,412.41 and \$26,522,656.70, respectively. As of December 31, 2012 and 2011, \$0 of the municipality's bank balance of \$10,159,802.88 and \$27,644,156.61, respectively was exposed to Custodial Credit Risk.

NOTE 4: INVESTMENTS

Custodial Credit Risk - Investments

Custodial Credit Risk is the risk that in the event of the failure of the counterparty, the Township may not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are considered to be exposed to Custodial Credit Risk if they are: uninsured, are not registered in the name of the Township, and are held by either the counterparty or the counterparty's trust department or agent but not in the government's name. None of the Township's \$56,928,664.79 investments in government bonds are held by the counterparty.

NOTE 4: INVESTMENTS (CONTINUED)

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Township does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. NJSA 40A:5-15.1(a) limits municipal investments to those specified in the statutes to limit the exposure of governmental units to credit risk.

Concentration of Credit Risk - The Township places no limit on the amount the Township may invest in any one issuer.

As of December 31, 2012, the Township had the following investments and maturities:

Unaudited Investments:

As more fully described in Note 12, the Township has created a Length of Service Award Program (LOSAP) for emergency service volunteers. The LOSAP investments are similar to those allowed in a deferred compensation program as specified in NJSA 43:15B-1 et. seq. except that all investments are retained in the name of the Township. All investments are valued at contract value. In accordance with NJAC 5:30-14.37 the investments are maintained by Lincoln National Life Insurance Company, which is an authorized provider, approved by the Division of Local Government Services. The balance in the accounts on December 31, 2012 and 2011, amounted to \$8,693.58 and \$5,667.53, respectively. The information on 5% or more invested with Variable Annual Life Insurance Company is not yet available.

NOTE 5: RISK MANAGEMENT

The Township is exposed to various risks or loss related to torts, thefts of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. Employee health and accident insurance and public official bonds are provided through commercial insurance.

The Township has adopted a plan of self-insurance for general liability coverage. Plan reserves are charged for premium costs for commercial liability coverage as well as funding policy deductibles. In addition, the Township has elected to self-insure all equipment with a value less than \$25,000.00. The balance in the self-insurance fund at December 31, 2012, was \$22,121,114.12. \$0.00 of this balance was utilized as revenue in the Township's 2013 budget. The Township maintains excess liability insurance for buildings and content with a \$5,000.00 deductible and \$1,000,000.00 excess liability insurance for automobiles with a \$1,000.00 deductible.

NOTE 8: ACCUMULATED ABSENCE BENEFITS

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. The liability for compensated absences that are attributable to services already rendered and that are not contingent on a specific event that is outside the control of the Township and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Township and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

Employees of the Township are entitled to paid vacation and paid sick days depending on job classification, length of service, and other factors. Employees are represented by labor unions, and each contract contains different provisions for employee-compensated absences. The total value of compensated absences owed to employees as of December 31, 2012, was \$79,625.97.

NOTE 9: DEFERRED COMPENSATION PLAN

The Township offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Township employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. Since the Township does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Township's financial statements.

NOTE 10: FIXED ASSETS

NOTE 12: LENGTH OF SERVICE AWARD PROGRAM

The Township's Length of Service Awards Program (LOSAP) was created by a Township Ordinance which was adopted on August 19, 2008, in accordance with Chapter 338 of the Laws of 1997. This plan is made available to all bona fide eligible volunteers who are performing qualified services, which are defined as firefighting services, pursuant to section 457 of the Internal Revenue Code of 1986, as amended except for provisions added by reason of the LOSAP, as enacted into federal law in 1997. The establishment of this LOSAP also complies with New Jersey Public Law of 1997, Chapter 338 and the LOSAP document. The balance is subject to the general creditors of the Township. The Township's budget appropriation for 2012 and 2011 are \$15,000.00 and \$25,000.00, respectively.

NOTE 13: PENSION FUNDS

Description of Plans - All eligible employees of the Township are covered by either the Public Employees' Retirement System (PERS) or Police and Firemen's Retirement System (PFRS), a cost-sharing, multiple-employer defined benefit pension plan which has been established by state statute and is administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the System terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the retirement systems. The reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625 or can be accessed on the internet at <http://www.state.nj.us/treasury/pensions/actuarial-rpts.shtml>.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of NJSA 43:15A to provide retirement, death disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing, multiple-employer plan. Membership is generally required for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another state-administered retirement system or other state or local jurisdiction.

Police and Firemen's Retirement System (PFRS) - The Police and Firemen's Retirement System was established in July 1944, under the provisions of NJSA 43:16A, to provide coverage to substantially all full-time county or municipal police and fire-fighters and State fire-fighters appointed after June 30, 1944. Enrollment is required for permanent, full-time employees appointed to positions of law enforcement or firefighting in the State of New Jersey.

Funding Policy - The contribution policy is set by NJSA 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997, and NJSA 18:66 and requires contributions by active members and contributing employers. PLAN members and employer contributions may be amended by State of New Jersey legislation. PERS provides for employee contributions of 6.5% of employees' annual compensation, as defined. Subsequent increases will be phased in over 7 years (each July 1) to bring the total pension contribution rate to 7.5% as of July 1, 2018. PFRS provides for employee contributions of 10% of employees' annual compensation, as defined. Employers are required to contribute at an actuarial determined rate in PERS and PFRS. The PERS and PFRS employer rates in effect for 2012 are 11.14% and 24.06%, respectively, of covered payroll, respectively, as reported on June 30, 2010. The actuarially determined contribution

includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. The Township's contributions to PERS for the years ending December 31, 2012, 2011 and 2010, were \$168,635, \$165,043 and \$130,509, respectively, equal to the required contributions for each year. The Township's contributions to PFRS for the years ending December 31, 2012, 2011 and 2010, were \$177,158, \$222,639 and \$198,019, respectively, equal to the required contributions for each year.

NOTE 14: POST-EMPLOYMENT HEALTHCARE PLAN

Plan Description - The Township's defined benefit postemployment healthcare plan allows retiring police officers who completed 20 years of public employment with the Township and retiring employees who completed 25 years of public employment (at least 20 years of service with the Township) to receive fully paid health, dental and prescription benefits for themselves and dependents. Additionally, employees of the Township are eligible for benefits upon retirement provided they have completed 15 years of public employments and are at least age 62.

The Township also provides life insurance. Police officers receive \$15,000.00 of life insurance and other employees receive \$10,000.00 of life insurance until the age of 65 when the life insurance decreases 20% each year to a minimum of \$2,000.00.

The benefit provisions of the plan may be established or amended by the Township Committee. The plan does not issue a separate financial report.

Funding Policy - The contribution requirements of the Township healthcare plan are established by negotiated labor contracts and the Township employee manual. The required contribution is based on projected pay-as-you-go financing requirements. For calendar year 2012 the Township contributed \$965,937.64 to the plan for current premiums. Plan members receiving benefits are not required to make contributions.

Annual OPEB Cost and Net OPEB Obligation - The Township's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Township's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Township's net OPEB obligation to the plan.

At December 31, 2012, the estimated actuarial accrued liability of benefit obligations of the Township for other post-employment benefits is:

Funded Status and Funding Progress - As of December 31, 2012, the Township is considered to be an unfunded plan. There are no plan assets. The retiree benefits are paid annually on a cash basis.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend.

The Actuarial Accrued Liability ("AAL") is the present value of all future expected post-retirement medical payments and administrative costs which are attributable to past service. The Township's unfunded AAL is calculated to be \$18,622,765.00 as of December 31, 2012.

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The December 31, 2012, actuarial valuation, utilized the projected unit credit method with amortization on a straight line basis, was utilized for a period of 30 years.

Independent Auditor's Report

Honorable Mayor and Members
of the Township Committee
Township of Lower Alloways Creek
501 Locust Road
Hancocks Bridge, New Jersey 08038

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying balance sheets- regulatory basis of the various funds and account group, the related statement of operations and changes in fund balance -- regulatory basis, and the related statement of revenues -- regulatory basis and statement of expenditures -- regulatory basis of the Township of Lower Alloways Creek, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Township of Lower Alloways Creek's basic financial statements, and have issued our report thereon dated June 19, 2013, which contained an adverse opinion on those financial statements due to being presented in accordance with the New Jersey regulatory basis of accounting.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township of Lower Alloways Creek's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Township of Lower Alloways Creek's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township of Lower Alloways Creek's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying *schedule of findings and recommendations* that we consider to be a significant deficiency as item 2012-001.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying *schedule of findings and recommendations* as item 2012-001.

Township's Response to Finding

The Township's response to the finding identified in our audit is described in the accompanying *schedule of findings and recommendations*. The Township's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PART II
LETTER OF COMMENTS AND RECOMMENDATIONS
YEAR ENDED DECEMBER 31, 2012

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised for NJSA 40A:11-4
NJSA 40A:11-4 states "Every contract or agreement awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law."

The governing body of the Township has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertisement for various items including:

Purchase of Recycling Truck

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per NJSA 40A:11.5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Our examination of expenditures did not reveal individual payments, contracts or agreements in excess of the bid threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of NJSA 40A:11-6.

NJSA 40A:11-6.1 requires that at least two competitive quotations be obtained for all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 1, 2012, adopted the following resolution authorizing interest to be charged on delinquent taxes:

WHEREAS, RS 54:4-66 states that taxes shall be payable in quarterly installments on the first day of February, May, August, and November, and shall become delinquent after the tenth day of February, May, August, and November; and

WHEREAS, RS 54:4-67 provides that the governing body may, by Resolution, fix the rate of interest to be charged for non-payment of taxes or assessments on or before the date they would become delinquent.

NOW, THEREFORE, BE IT RESOLVED by the Township Committee of the Township of Lower Alloways Creek does hereby establish that the rate of interest to be charged for the non-payment of taxes or assessments on or before the above quarterly due dates, when interest becomes chargeable, shall be at 8% per annum on the first \$1,500.00 for delinquency, and 18% per annum on any amount in excess of \$1,500.00.

It appears from an examination of the collector's records that interest was collected in accordance with the statutes.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 28, 2012, and was complete.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years.

<u>Year</u>	<u>Number of Liens</u>
2012	8
2011	9
2010	8

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax-paying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services. A separate report will be rendered if any irregularities develop after the date of the audit.

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

	<u>2012</u>	<u>2011</u>	<u>2010</u>
Tax Levy	\$ 2,610,610.43	\$ 2,674,295.83	\$ 2,342,237.56
Cash Collections	2,543,429.51	2,599,727.69	2,286,427.87
Percentage of Collections	97.43%	97.21%	97.62%
