**CORRESPONDENCE:** All correspondence received has been distributed to the proper parties

**REPORTS TO THE COMMITTEE & COMMITTEE REPORTS:**

**Police Department:**

Chief Venable stated that the Prosecutor's Office has given the go ahead for the LAC Police Department to use the Salem Cities Alcohol Testing Unit.

Chief Venable stated that the Department received an award from the National Night Out Organization for its 2021 event last August in the under 5000 population category.

**Public Works:**

Superintendent Fogg stated that the camera control system for the Alloway Creek Neck and Locust Island Roads intersection is due to be installed this week as part of the phase VI project.

Superintendent Fogg stated that the State has been called to come and fix the traffic light controller system at Harmersville and New Bridge Road.

Superintendent Fogg stated that the new Sewer lateral will be installed on Pecks Corner Road this week.

Superintendent Fogg stated that there are old boots and coats at the Canton Fire House that are no longer useful or wanted and wants to know if the Committee wants to auction the items or dispose of them. Committee consensus was to auction them.

Superintendent Fogg stated that some of the new Electric Poles which will be run to serve the Wind Port are very near some sewer laterals and that Public Works has tried to give Atlantic City accurate locations, but it could be so close to the pipe, that he will have department personnel on hand to make repairs if necessary.

**Fire Department:**

Chief Fisher stated that he feels the Wind Port meetings have been productive and that he will be sending some members to the Fire Academy course which is about structures, loads and how buildings perform when on fire and subjected to extreme heat.

**Mayor and Committee Members**

Mrs. Crane stated that the Historic Log Cabin schedule has been completed for this year's events.

Mrs. Crane asked if there was a list of items the Township is asking for from the Wind Port or State.

Mayor Bradway stated he has spoken to them about concerns with increased traffic, the condition of some roadways and bridges, increasing police and emergency services.

Mr. Venable stated that the Committee needs to get going with the cell tower or repeaters and let residents know that we are working on it.

Mayor Bradway stated that he had participated in several meetings with the Wind Port officials, one regarding emergency services and two more with NJEDA officials, one was a zoom call about upcoming projects and specifically the 90 foot pilings that would be brought in by trailers. Mayor Bradway stated that last Friday Mr. Collier, Chief Fisher, the Clerk and himself went down to have tour and a general update on what is happening right now at the facility. They are doing ground work and will be driving test piles both in the water and on the land side. Mayor

Bradway stated the he was told the plan was for them to get a vehicle that would transport any injured personnel back to a specific location where LAC services would then pick them up. There has been concern on our end about driving over the sand or mud that may currently be present.

Mayor Bradway stated that at a meeting with PSEG officials they stated that they still have COVID 19 protocols in place and have several State and FEMA inspections and drills coming up this April and May.

**PUBLIC COMMENT:** No one from the Public indicated that they wished to make any comments.

### **School Consolidation**

Mayor Bradway asked Superintendent Schaffer to speak about the recent County School Consolidation Study and how it might impact LAC.

Superintendent Schaffer stated that there have been several proposals for school consolidation, one county wide district and splitting the County into two districts, north and south.

Superintendent Schaffer stated that the problem she has with the proposals are that there has been no explanation of how there would be savings to residents and no guarantee that the new district would be the same or better education experience.

The Committee asked some questions about State Aid being cut or other penalties if a district did not participate in the consolidation. Superintendent Schaffer stated that the State has indicated that they plan to have incentives to encourage schools districts to participate and penalize those that do not, but at this point it looks like only the larger districts with debt will see any decrease in taxes.

### **ADJOURNMENT**

Motion (Venable, Collier) to adjourn the meeting at 8:20 p.m.

The motion to adjourn the meeting passed unanimously.

Minutes of the February 15, 2022 Meeting were approved at a Township Committee Meeting held March 15, 2022
